

"On the mountains of truth you can never climb in vain: either you will reach a point higher up today, or you will be training your powers so that you will be able to climb higher tomorrow." - Friedrich Nietzsche

HOW DOES OUR COMPANY TRAIN LEADERS?

Learning how to lead takes time, patience and effort. Educational experts, agree that leadership skills training workshops and programs must be composed of active, blended, practical learning experiences.

1. Active learning uses focused activities to learn new skills
2. Blended learning includes different media [such as, audio, visual, touch and other sensory materials] to learn new skills
3. Practical learning applies new skills in your actual work environment under supervision and monitoring support [on-the-job training with coaching or mentoring help]
